

## **NORTEL BCM50 WINS 2005 PRODUCT OF THE YEAR AWARD!!!**

February 1, 2006 - Nortel Business Communication Manager 50 (BCM50), the market-leading, all-in-one, affordable converged voice and data communications solution for small to medium business and branch offices, was named 2005 Product of the Year by INTERNET TELEPHONY® magazine!

INTERNET TELEPHONY® editors selected products that demonstrate the vision, leadership and attention to detail that are the hallmarks of Product of the Year award winners. BCM50 supports Nortel's focus on and commitment to the small and medium-sized business and branch office space by providing customers with the most groundbreaking small site solution since Norstar.

Check out the INTERNET TELEPHONY® magazine [2005 Product of the Year issue](#)\* highlighting BCM50.

BCM50 was also named as a finalist for 2005 Product of the Year Award from Small Business Technology Magazine, an award that salutes innovative technology solutions that are boosting the productivity and profitability of small businesses.
